1500-1600 blocks of Penn Avenue

THURSDAYS

11:00 AM UNTIL 4:00 PM
1200-1500 blocks of Girard Avenue

**** Other than the above-mentioned streets, there are no assigned days for leaf collection. Trucks will come through the Borough every 5 to 7 business days****

Friendly Reminders:

For leaf collection on Laures Lane, please do not place leaves at the culvert area during leaf collection seasons. All leaves should be raked to the edge of the road for pick up; our leaf collection truck will come by to remove them.

DO NOT mix sticks or grass in with your leaves. Debris other than leaves will clog and jam leaf pickers, causing delays in Borough wide-collection

Grass should be placed in paper recycling bags or yard waste containers and put out for Monday yard waste collection. The last day for yard waste collection is December 9th

Wait a few days to rake new leaves out in the street just after the truck passes. Excess leaves left on the street after a truck passes increases the chances of clogging catch basins during rain events
